### Welcome

Thank you for choosing JKS Manufacturing, and for purchasing the J-Cal / Flash Cal programmer. This high quality product was used during the development of our JSPEC lines of suspension products. It has been vigorously tested for both quality and accuracy to exceed the demands of both us here at JKS Manufacturing, and of course our customers who demand the best products for their Jeep vehicles.

For technical assistance with this product specifically, please contact Superchips directly at: **888-227-2447**

For technical assistance with integrating this product with your JKS products please contact us at: **517-278-1226**
