**READ ME !** 

Thank you for purchasing a Front Runner Drop Down Table.

Before you start, take a moment to familiarize yourself with the Fitting Instructions and the components received.

Refer to Page 2 for a list of all the components, quantities and tools required.

IMPORTANT WARNING! 

IT IS CRITICAL THAT ALL FRONT RUNNER PRODUCTS BE PROPERLY AND SECURELY ASSEMBLED AND ATTACHED TO YOUR VEHICLE. IMPROPER ATTACHMENT COULD RESULT IN AN AUTOMOBILE ACCIDENT, AND COULD CAUSE SERIOUS BODILY INJURY OR DEATH. YOU ARE RESPONSIBLE FOR ASSEMBLING AND SECURING ALL FRONT RUNNER PRODUCTS TO YOUR VEHICLE, CHECKING THE ATTACHMENTS PRIOR TO USE, AND PERIODICALLY INSPECTING THE PRODUCTS FOR ADJUSTMENT, WEAR AND DAMAGE. THEREFORE, YOU MUST READ AND UNDERSTAND ALL OF THE INSTRUCTIONS AND PRECAUTIONS SUPPLIED WITH YOUR FRONT RUNNER PRODUCT PRIOR TO INSTALLATION OR USE. IF YOU DO NOT UNDERSTAND ALL OF THE INSTRUCTIONS AND CAUTIONS, OR IF YOU HAVE NO MECHANICAL EXPERIENCE AND ARE NOT THOROUGHLY FAMILIAR WITH THE INSTALLATION PROCEDURES, YOU SHOULD HAVE THE PRODUCT INSTALLED BY A PROFESSIONAL INSTALLER OR OTHER QUALIFIED PERSONNEL.

NOTE: Front Runner will not be responsible for any damage caused by the failure to install the product according to these instructions.

Please call us if you have any questions about the installation of this product.

13	3 X	M6 Nyloc Nuts
14	1 X	Support Bracket

TOOLS NEEDED

FIGURE 1.1

2

FIT AND SECURE

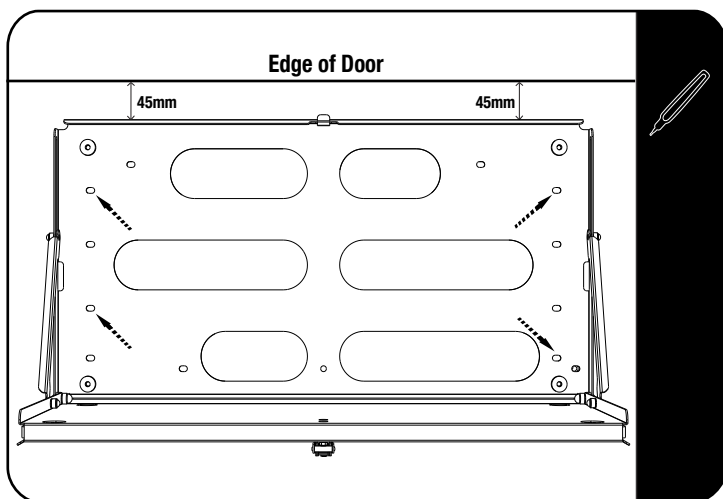

2.1

⌛ If your vehicle has a door that opens to the left side, you need to reposition the two Stopper Screws. Do this by removing them from the left side of the Sliding Board and refitting them on the right side as shown in Step 2.1.

If your vehicle has a door that opens to the right side, move on to Step 2.2.

2.2

⌛ Find a suitable flat surface for the table.

⚠ Before marking, make sure that the Sliding Board can slide out of the table without any interference.

FOR JEEP JK INSTALLATION

If you are fitting the Drop Down Table to a Jeep JK, refer to Step 2.2 for positioning.

Remove the trim panel if fitted. Mark out four fixing points shown in Step 2.2.

Note the top measurement as this will allow the extension to slide out.

Move the Drop Down Table as far to the right as possible. Refer to Step 2.3.

⚠ For the Jeep JK Face Lift Model you may need to remove the carpet covering the subwoofer on the floor to allow space for the door to close.

2.3

⌛ Drill 5mm pilot holes on the marks made in Step 2.2, using light pressure and taking care only to drill through the interior panel. Open the holes to 12mm.

2

FIT AND SECURE

2.4

Insert an M6 x 30 Button Head Bolt (Item 10) into the one side of the Installer Wrench (Item 9).

Loosely tighten a Jack Nut (Item 2) onto the Button Head Bolt as shown.

Place the assembly into one of the holes drilled in Step 2.3. Using a Cordless Drill and a 4mm Allen Key Bit, set the Jack Nut into the hole while holding the Installer Wrench firmly.

Make sure that the Jack Nut has pulled up all the way to the inside skin of the door panel.

2.5

Secure the Drop Down Table using M6 x 25 Button Heads, M6 SS Spring Washers and M6 x 12 x 1 SS Flat Washers (Items 4, 6 & 7) as shown.

The table may touch the mat for models fitted with a floor subwoofer.

TIP: Keep the door closed for 24 hours which will allow the mat to form according to the table.

3

FIT AND SECURE DROP DOWN TABLE TO JEEP JL

3.1

Remove the Cover Panel from the rear door interior panel by carefully unclipping it with a panel tool or similar.

3

FIT AND SECURE DROP DOWN TABLE TO JEEP JL

3.2

↻ If your vehicle has the Sports Rail fitted, remove it by loosening and removing the 3 bolts shown.

3.3

↻ Remove the Trim Panel.

3.4

↻ Looking at the inside of the Trim Panel, locate the two factory indicator marks shown.

Using a 5mm drill bit, drill pilot holes on these marks. Open the holes with a 10mm drill bit.

Looking on the inside of the smaller top trim panel, locate the two round bosses shown.

Using an 5mm drill bit, drill a pilot holes in the center of each boss. Open the holes with a 10mm drill bit.

3**FIT AND SECURE DROP DOWN TABLE TO JEEP JL****3.5**5mm
12mm

↻ Refit the Big and Small Trim Panel to the rear door.

3.6

↻ Secure the Support Bracket (Item 14) to the back of the Drop Down Table using M6 x 12 Button Head Bolts, M6 x 12 x 1SS Flat Washers and M6 Nyloc Nuts (Items 11, 12 & 13) using the holes shown.

3.7

4mm

↻ Insert two 30mm Spacers (Item 3) in the top two holes and two 35mm Spacers in the bottom holes drilled earlier in Step 3.5 and 3.6.

Secure the Drop Down Table to the rear door using M6 x 50 Button Head Bolts, M6 SS Spring and M6 x 19 x 1SS Flat Washers (Items 4, 6 & 8) as shown.

4

COMPLETION

4.1

Congratulations! You did it. Take a step back and admire your work!
