Entry Guards

### REQUIRED TOOLS

Vehicle Paint Safe Cleaning  
Supplies

### KIT CONTAINS

Front Entry Guard (Driver/Passenger)

### QTY

1ea

#### 1) PREPARE YOUR VEHICLE

With vehicle paint safe cleaners and cloths, clean your vehicle's entry ways free of dirt and debris to help with the installation.

#### 2) REMOVE TAPE BACKING

The proper placement of each guard is indicated by size and by the direction of our logo, the Logo on every guard always faces the rear of the vehicle. pull the adhesive backings away.

#### 3) INSTALL

Count 5 arrows in from the rear (Logo points to the rear). Place the guard so that your interior panel and entryway seams lie between the fifth and sixth arrow.

Press down firmly and repeat on the opposite side.

#### 4) ENJOY YOUR NEW FISHBONE ENTRY GUARDS!!
